

A romantic couple is peeking out from under a large, flowing rainbow-colored silk blanket. The man, on the left, has a beard and is wearing a white shirt. The woman, on the right, has blonde hair and is wearing a red earring. They are both smiling warmly at the camera. The background is a soft, out-of-focus light blue.

“ ONE PHOTOGRAPHER

An excellent choice for smaller, more intimate weddings and events where one professional can easily capture the moments and guests. This option allows for a more focused approach and is usually sufficient for gatherings with fewer attendees, ensuring that every precious moment is immortalized.

WEDDING VIDEOGRAPHY

PRICING & SERVICES

ONE VIDEOGRAPHER

This package is best for weddings where the pace is relaxed and there isn't a plethora of activities happening simultaneously. It is perfect for those looking to economize while still receiving a professional and polished movie. A single cinematographer typically operates no more than two cameras, ensuring that the essence and key moments of the event are captured beautifully and efficiently.

TWO VIDEOGRAPHERS

This package is perfect for weddings with higher levels of activity. Having two videographers allows for different angles of the same subject, the ability to focus on different events that are occurring, and capturing the smaller, more easily missed moments. These are the moments the couple themselves are likely not to notice on the day but will love that they have been captured forever.

ADD-ONS

Drone footage elevates your wedding film to cinematic heights, immersing you even more into the atmosphere of your special day. It unveils perspectives and breathtaking vistas unattainable to the human eye, adding a layer of grandeur and enchantment to your visual narrative. By choosing drone imagery, you're not just documenting moments; you're experiencing your story through a tapestry of awe-inspiring and majestic panoramas, enhancing the emotional resonance of your wedding day film.

\$500

This addition to our digital photography service provides a distinct, nostalgic aesthetic and tangible richness that only film can achieve. Each image is a unique piece of art, enveloping moments in an aura of elegance and authenticity. You will get 50 film scans delivered to your mailbox, allowing you to experience the warm, immersive, and sophisticated quality of film, complementing your collection of digital memories. It's a beautiful juxtaposition of past and present, creating a comprehensive visual narrative of your celebration.

We provide a 20 Year Cloud Backup service, a secure solution for storing your wedding photos and films. Your cherished memories will be protected in our high-tech cloud storage, accessible anytime from any device with the internet. No more worries about data loss or damage, just lifelong memories ready for you to revisit and share.

\$800

Beyond the highlights, we offer a Movie Full Edit service, crafting a detailed and inclusive wedding film that encompasses all the pivotal moments of your day. This includes the complete ceremony, all toasts, the first dance, parent dances, and the cake-cutting. While this might not be the film you share on social media, it's a priceless piece that gains value over the years, allowing you to relive each emotion and detail of your special day in its entirety. It's a timeless treasure, preserving the essence and nuances of your celebration, to be cherished and revisited for years to come.
